**Please note - you will need to be in attendance on the day to be eligible to win. Names will be drawn at random and the prize will be awarded to the first person draw. Good Luck!*

CHAIR'S CHAT - SPRING 2017

The chairmen's lines have really become a situations vacant ad this time, but honestly it's more important than anything else at the moment.

Co-Chair Jo and I have really spun along well since the last AGM. The idea of making the Chairmanship a double-act was to split the workload and introduce new ideas and carry them through. We see eye to eye and differ creatively, (except that she does more than me) it has worked well.

Last February's round table meeting with the Trust's top brass opened with recognition of the strength of the TANT/NT mutual regard following the momentous outcomes at the Trust's AGM. We were keen to establish a new working relationship and so were they. It looks like the way ahead for us will mean more attention to admin; money, communication with our members and the public, tenant care, with case management, housing Industry experience, legal input and more. With most of the slog and the more difficult issues out of the way we have such a bright future and we can accelerate major influences quicker and better with lively and innovative volunteer help from you.

Here's what's involved. We'd like people with something to offer to be part of our executive. It's important that you are as ready to do as much as you put forward, plus some of the inevitable mundane. Unless you're on a roll with something that's absorbing, time commitment is for a teleconference once a month, usually a couple of hours, a bit more if there's lots going on. We have face-to-face meetings a couple of times a year for which a day out is needed and a couple or more meetings with the NT's senior management. We try to combine meetings if possible. Finally there's the AGM which we try really hard to make as un-stuffy as possible. You get eased in and the work is rewarding; you really learn from the experience of the other TANT people. Expenses get dealt with speedily. Just contact either of the chairs direct. Thank You

Co-Chairs Jo & Andrew.
